

**WE WOULD LIKE TO REMIND PARENTS THAT OUR PREP ENROLMENTS for 2022 ARE OPEN!**

*If you have a child who turns 5 before the end of April next year, they are eligible to begin school.  
If you have relatives or friends, can you please ask them to obtain an enrolment form and return it to the office. The forms are on our website.*

**NEW WEBSITE**

If you haven't been to our website lately, it has a new look.  
There are options about booking tours there and some terrific photos of our current students.  
[www.reservoirps.vic.edu.au](http://www.reservoirps.vic.edu.au)

**Progress on our Gym.**

*Work continues.  
Roofing sheets arrived and are now being put into place  
Preparations are now going on for the concrete slab for the other section of the gym.*

*I am constantly amazed at the works; how it is happening before our eyes.*

*The truck and trailer that was parked at the front of the school on Monday morning was quite something – so long! The roof sheets were delivered – lifted onto the roof and are now almost in their place – along with insulation.*

Congratulations to the following students, who were presented with *Student of the Week* awards at Assembly on the 30<sup>th</sup> of July.

*Khaya, Abdorahman, Rasa, Sianna, Cedric, Siddhant, Afan, Bear, Beatrix, Matteo A., Japleen, Katherine, Veda and Adam A.N.*

Congratulations to the following students, who were presented with *Achievement* awards at Assembly on the 30<sup>th</sup> of July.

*Isabella B., Idhika, Harris, Ruby F.L., Noah A., Sid, Venus, Amal, Hattie, Maddy P., Rayan, Mia S., Dyala and Rafael.*

The '*You Can Do It*' award is presented to *Group 14* for *showing confidence in sharing their prior knowledge and ideas about nutrition facts on food tables during Health Education.*

**This week Group 6 wrote their PLUS, MINUS and INTERESTING about learning from home. We hope that you enjoy reading them.**

### **Remote Learning**

**Plus-It's good to stay at home and just have a rest- sleeping in every day and wearing your pyjamas and playing with your brother and sister.**

**Minus-I wish we could just do the work at school because then we could just see our friends and teacher.**

**Interesting- It was interesting that we had Wednesday off from home learning to do teacher interviews.**

**Sid**

My **positive** is that I can have a break to play with my baby sister.

My **negative** is I can't meet my friends and teacher. Also, I can't play soccer.

The **interesting** thing about home learning is now my baby sister can count to twenty and knows her ABCs because I have more time to teach her.

Mohamed

+ A good thing about remote learning is that you get to spend more time with your family

- A bad thing about remote learning is that you don't get to see your friends

\* An interesting thing about remote learning is that you get to pretend you're a grown-up and that you're working from home.

**Veronica**

Positive, negative and interesting thing about home learning.

A positive thing is that my dad is my teacher and I can see my friends on Webex and my teacher! :D

Something negative will probably be I can't see my teacher or friends.

Something interesting is that I am at home instead of school.

**Viktor**

Positive – I get to sleep for 1 more hour in the morning before starting my work and getting to eat warm food during winter.

Negative – I don't get to really interact with my friends and my teacher. Also, I am missing being at school and all the fun times with my friends.

Interesting – I get to go for scooter and bike (without training wheels) ride, sometimes I cook food, do gardening and science experiments or build with Lego during school session breaks.

**Siddhant**

Plus – Sleeping in.

Minus – Not being in the classroom.

Interesting – Cleaning up my room a lot.

**Roberta**

# Skittles Statistics

This week students in Year 1 explored statistics. During our first session we made predictions, sorted colours and represented our data with tallies and bar graphs.
