

EDUCATION WEEK is recognised during the week 24th to 28th May. On the Diary Dates below, you can see that we will have two open evenings to focus on how we teach Maths. Teachers will email you and invite you to nominate a time that suits you best.

Due to the restrictions we still have in place, we have to limit numbers in each classroom. In each classroom, the presentations will be made twice. Teachers will ask you to let them know which time you will attend.

The first will begin at **5.30** and the second at **6.30**.

Listed below are the designated nights for each year level, so you are aware of it when your child's teacher emails you.

Tuesday 25th: Foundation, Year 2 and Year 4 classes

Wednesday 26th: Year 1, Year 3 and Years 5 & 6

I really hope to see you all on these evenings – I'm sure the sessions will be very informative.

The Gym Building Progresses

Work continues on our Gym. Even on those days when rain was around and threatening, the builders continued whenever they could. I am so impressed, but also interested in the progress.

Yesterday there was a huge concrete pour – and as you can see by the photos, the foundations are now in place.

At 7.00 this morning, the trucks were lining up to deliver the "form work" and bricks

SO EXCITING, and INTERESTING to WATCH the PROGRESS!

INTERSCHOOL SPORTS REPORTS:

T-Ball: The sun was shining as we were waiting for Kingsbury to arrive because it was our home game. Mia Smith was our captain. Kingsbury chose to bat to start with. We caught the first three out and it was time to swap. In our team we had Mia Smith, Olivia, Maddy, Iceley, Mannat, Afreen, Lotte, Jocelyn and myself. After Maddy batted and made it to first base, it was Mia's turn. She hit the ball really well and made it to first base. Actually, everyone showed lots of improvement in their batting this week. We have been working on it really hard during training. When it was my turn, I got a strike at first but I persisted and hit the ball really well. I managed to make it to first base. The game went on and lots of people made home runs. Our fielding was excellent as well. When the whistle blew the scores were Kingsbury: 3 and Reservoir: 21. We won our second straight game.

Mia F and Iceley.

Football: It was another sweaty Friday and it was a harsh day for winter, we had to wait a while for the bus, we were all holding onto the wired fence. We waited and waited and waited and suddenly the bus arrived with Kingsbury, sitting at the back of the bus. The Reservoir footy team were at the front of the bus. We were very excited to play against Kingsbury Primary. We were all talking about what would happen if the bus broke down again it would be devastating! But luckily, we got to Donath Reserve with no problems.

We got off the bus with Kingsbury and we walked to the oval where we usually played. We set up the goals and we were ready to start the game. Lynn and another kid from the other team were in the ruck ready to jump up and hit the ball. Lynn hit the ball to our side and Leo caught the ball and ran down and kicked a behind. It was Kingsbury's possession and the kid kicked the ball and Max marked it, he kicked it to Ramon and he didn't mark the ball but he picked the ball up and kicked a goal. Leo was in the ruck, he hit the ball and Austin picked it up. He kicked to Max and he kicked another goal for our team.

It was half time and we ran to the bottle holder and got a drink. We put our mouth guards back on and ran back to the field and we were ready to play. The game started and Hunter was in the ruck; we won the ball easily. Sachit grabbed the ball and Hunter ran down with him. They did a handball drill all the way down the field until Sachit kicked a behind; so far the other team had not scored yet. This half we scored a lot of behinds, and only a few goals.

When it was the end of the game we shook hands and went back to the bus. The scores were 71 to Reservoir and 13 to Kingsbury we had a really fun time playing against Kingsbury.

Netball A: We were all very excited to play another game of netball against Kingsbury. As Kingsbury got off the bus, Julia, Isha, Xanthe, Sahasra, Zara, Bontu and I went to our position on the court. When we were all ready the whistle went to start the game. There was some excellent passing before Julia scored our first goal. Communication throughout the whole game was really good. We scored another goal before Kingsbury scored. The first quarter flew by so quickly, Reservoir had the lead, 2-1.

After 4 ten minute quarters, the game was over. We all had a lot of fun and congratulated each other. The final scores were Reservoir 7, Kingsbury 4. We had won! In the end both teams had an excellent game of netball. We are all looking forward to playing William Ruthven next Friday.

Lorena

Netball B: We were all excited last Friday, ready to play netball against Kingsbury. Thankfully Kingsbury's bus didn't break down! After a long A-Team game, it was the B-Team's turn to take the court. It was a close and very fast game. At the end of the game, the scores were Kingsbury 2 and Reservoir 5.

I scored all five of our goals. It was a really great game. I hope the next schools we face will have good sportsmanship just like Kingsbury. We don't have a game today but we are really looking forward to playing against William Ruthven next week.

SCIENCE IN YEAR 2

Group 16 & 17 had a lot of fun in their Science lesson last week investigating what happened when they mixed a solid- cornflour, with a liquid- water. They discovered that when creating mixtures, it is important to use the right measurements, otherwise mixtures will not turn out as planned.

They found out that mixing cornflour and water is quite hard to do and that their mixture turned into a slime with an added splash of food dye to create a lovely colour of their choice.

Have a look at how great they all look doing their investigation of mixtures in their science lab coats.
